- a) One additional vote for each SCCA/CSCC Solo sanctioned Solo Open or Regional Championship event organized and operated by the club during the preceding calendar year.

Expired number(s) are available on a "first-come, first-served" basis, with the exception of the protected number range: 1-199 which are assigned at the discretion of the Solo Membership Chairman. If a points card holder has not entered an event in three years, the number may be reassigned, unless there are extenuating circumstances that will be examined on a case by case basis.

7.2 CLASS

Separate Classes exist for women that choose to participate in Ladies classes. For the purposes of Regional Championship Points Calculations:

- a. An Open Class consists of a minimum of three drivers.
- b. A Ladies Class consists of a minimum of three drivers.

7.3 POINTS

CSCC Solo Regional Championship points for each class shall be calculated per the following formula:

$$\text{Driver's Points} = 100 - 400 [(\text{Drivers Time} - \text{Winning Time}) / \text{Winning Time}]$$

*NOTE: Only drivers holding a current CSCC Solo Points card are eligible to earn points in the CSCC Regional Championship Series.

7.3.1 ZERO POINTS

Negative points, did not run (DNR), did not finish (DNF) will be considered as zero points for that event.

7.3.2 WHEN NO CLASS EXISTS

- a. Ladies and FJ class participants shall earn points by using the formula in 7.3 with 5% added to the lowest time of all drivers holding a current CSCC Solo Points Card in the corresponding Open class, with a maximum of 100 points possible.
- b. Open class drivers shall earn their average if their class does not exist per 7.2.
- c. Ladies shall earn their average if their class and the corresponding Open class does not exist as per 7.2

7.3.3 UNCOMPLETED CLASSES

Competitors in uncompleted Classes shall earn their average.

7.3.4 EARLY/LATE RUNS

In the event a course layout change occurs between the time a competitor takes approved early or late runs and the time that competitor's Class runs, that competitor shall earn his/her average.

7.3.5 AVERAGES: CONFLICTING SCCA EVENTS

Points card holders may request their average when attending, as an official, worker or participant in, Regional or Divisional Club race or a National SCCA event that conflicts with a CSCC Solo Regional Championship. Qualifying events may include, but are not limited to, National Tour, National Pro Solo, and SCCA Convention. Attending a competing SCCA Solo Regional Championship DOES NOT qualify. The Solo Board may grant an average for a conflicting event not listed as it sees fit. All requests for average under 7.3.5 must be made to the Solo Board PRIOR to the conflicting event in order to be eligible. It is up the competitor to confirm his or her approval for their average prior to the event.

7.4 CLASS AVERAGE

A driver's average shall be calculated per the following formula:

$$A = \frac{t}{E}$$

- A = The average to be calculated
- t = Total points earned by the driver in his/her Class
- E = Number of CSCC Solo Regional Championship events the driver competed in and earned points in.

7.5 OVERALL AVERAGE

The average for gross points totals will be figured per the following formula:

$$OA = \frac{T}{C - n}$$

- T= Total points earned by the competitor
- C= Total number of CSCC Solo Regional Championships
- n= The number of Events for which an average is to be awarded

7.6 NUMBER OF EVENTS SCORED

A competitor shall compete in at least one half (1/2) of all Championship events held in the season to be eligible for yearend awards. A competitor will drop their lowest event scores at the rate shown in Appendix D. Any event for which an entrant qualifies for an average shall be considered an attended event.

7.7 TOTAL POINTS

Points for each competitor will be totaled at the end of the year. The driver's Class or overall average (per 7.4 or 7.5) shall be added respectively for each non-work/run Event. Each competitor must have worked on the day of the event or have approval from the CSCC Solo Board to be listed on the results as a Sanctioned Event Official for work outside of the event. This approval must be requested by the Event Chairman.

7.9.1 SUBSEQUENT PLACES

In addition, at least the following minimum number of awards shall be given: a class must average 5 entrants for a Second Place award and an additional 2.5 entrants for each subsequent award. DNF's count; DNR's and guests do not count. Regardless of the number of entrants, when the First Place award winner is within 100 points of the net points possible, an award shall be given, for a Second Place within 5% of the winner's total and awards to all others within 8% of the winner's totals.

7.9.2 OVERALL AWARDS

Overall winners in both Open and Ladies categories shall be based on CSCC Solo Regional Championship points calculated using indexed (from the National and Regional PAX multipliers for Solo classes) times. In addition, events shall be dropped, as per 7.6.

7.9.3 OVERALL AWARDS AND CHANGING CONDITIONS

If agreed, by majority vote of the clubs participating, changing conditions due to weather or course condition will exclude an event from counting towards year end points in the Overall Awards.

The points keeper will track Team Points for all hosting CSCC Member Clubs, unless the club declines to participate in the team championship by notifying the points keeper.

7.10.1 TEAM POINTS

Team Points will be determined by taking the top 5 members of each competing club from Indexed Results for each event and using the indexed times, individual points will be calculated using the formula in 7.3. Drivers in SK classes will receive an additional “street tire” index solely for the purpose of team championship points. Points for each club’s top 5 drivers, will be added together to determine the team's points for that event. The Team with the highest total points at the end of the year will be awarded the Team Championship

7.10.2 TEAM RESULTS

Points for participating teams should be included in the results from each event.

7.10.3 TEAM POINTS AND CHANGING CONDITIONS

8 PROTESTS

8.1 GROUNDS

Drivers and Event Officials shall agree to abide by these Rules and all SCCA requirements. Failure to do so will be grounds for a protest. This protest must include the section of the Rules concerned, the specific protest, and may include the action desired. If an Event is operated without compliance to 3.4 ALCOHOL/NARCOTICS (use), 3.6.1 SQUIRRELING, 4.12.7 ENTRANTS ABOVE THE LIMIT (sound), 6.5 TIMING AND SCORING DOCUMENTATION, the Rules Sub-Committee must proceed as if a protest had been filed on the Event, with penalty to be assessed accordingly.

8.2 PROTEST OF CAR

If a driver wishes to protest the classification of a car, he shall file a written protest with the Event Chairman (before the close of the Event) with a \$10.00 deposit. The event chairman will form an ad hoc committee of at least three members to investigate the protest.

8.2.1 INSPECTION

The ad hoc committee has the right to inspect a protested car in a reasonable manner. The only persons allowed to be at the inspection of a protested car are the protestee, or their representative, a mechanic (if necessary), and the ad hoc committee. They may require that any car be kept at the Event for inspection. Removal of a protested car from the Event, for any reason, after the above notification shall cause all drivers of that car in the protested categories to lose their CSCC Solo Regional Championship Points for that Event and be removed from the results.

8.2.2 ACTION

The ad-hoc protest committee shall inform the protestee(s) and then inspect the car before it leaves the Event, if possible.

8.2.3 COST

If any cost is involved, the money must be deposited with the Event Chairman by the protestor or the protest shall be denied.

8.2.4 DECISION

If the protest is upheld, the original deposit and the tear down deposit goes to the protestor. If the protest is denied, the tear down deposit goes to the protestee and the protest fee goes toward the year-end awards.

8.2.5 MINIMUM PENALTY

Any action taken on a protested car concerning classification or legality of a car shall affect all drivers of that car in the protested categories. The minimum penalty, except for marginal infractions (the penalty on marginal infractions is up to the ad hoc committee), shall be the loss of CSCC Solo Regional Championship Points for that Event and removal from the official

results.

8.3 PROTEST OF EVENT

If a driver wishes to protest the operation of a sanctioned Event, he shall file a written protest with the CSCC Solo Board Chairman or Rules Chairman by the next CSCC Solo Board meeting that is more than 10 days after the last date the results are postmarked.

8.3.1 ACTION

The Solo Board Chairman and Rules Chairman will act upon the protest.

8.3.2 PENALTY

The Event Officials may be fined and/or other appropriate penalties may be used if a protest of their Event is upheld.

8.4 PENALTY MODIFICATION

If a protest is upheld, the committee involved may modify the action requested.

If either party wishes to appeal the decision, that party should file an appeal in writing to the CSCC Solo Board Chairman within ten days after announcement of the Rules Chairman's decision. The Rules Chairman shall review the findings and act on the appeal. If a satisfactory solution is still not forthcoming, a further appeal shall be filed in writing with the CSCC Solo Executive, to be acted upon by the CSCC Solo Board membership. Such action is final.

8.5.1 APPEAL/OVERRIDE

Action(s) on protests may be appealed but not overridden.

8.6 PROTEST WITHDRAWAL

Protests may be withdrawn at any time prior to the decision vote of the appropriate sub-committee; however, the deposit shall be forfeited.

9 SOLO BOARD ADMINISTRATIVE PROCEDURES

APPENDIX A - 2013 CSCC SOLO REGIONAL COMPETITION CATEGORIES AND CLASSES

All classes are the same as listed in the **2013** National Solo Rules Book with the addition of the following Regional Classes:

NOVICE (NOV) and NOVICE LADIES (NOVL)

- A. Purpose of this class: To encourage new members/competitors to participate in autocross and be introduced into the community in a class structured for their needs. Also, to allow them to sharpen their skills without being discouraged by “getting their doors blown off” by more experienced drivers.
- B. Eligibility: A person who has participated no more than 3 days per year within the last 3 years. A day is defined as any autocross or Solo event, practice or school run by any organization not limited to CSCC Solo or SCCA.
- C. Novice class competitor’s cars must be classed in classes that are outlined in the SCCA Solo National rules or in the CSCC Solo supplementary regulations. The competitor will compete at the same time as the competitors in those classes but will be scored with the other Novice class competitors throughout the day.
- D. There will be a guided Novice course walk before the first run group in the morning and during the lunch break before the afternoon run groups.
- E. Class results are based on the entrant’s best time multiplied by the index listed in Appendix C of the CSCC Solo supplementary regulations class plus any penalty.
- F. Year end points will be calculated for these classes based on the six best results for each driver.

GOOD LUCK, ALL NEW DRIVERS!

CALIFORNIA STREET TOURING (CST):

Vehicles eligible for CST must comply with the rules of CSM, with the exception that all of the tires mounted on the car must have a TREADWEAR number of 140 or higher molded by the manufacturer on the sidewall.

CALIFORNIA STREET MODIFIED (CSM):

Vehicles eligible for CSM must be capable of being licensed for street use in California, shall be run on DOT approved tires and must meet all SCCA Solo Safety requirements.

SENIORS (SEN):

- a) Eligibility: any competitor, age 50 or older.
- b) Each Seniors competitor will drive the same car.
- c) Handicap: Each Seniors competitor will be handicapped based on their age in the following table:

<u>AGE</u>	<u>Percentage</u> (deduction)
50	0
51-55	0.1%/year
56-60	0.15%/year
61-65	0.2%/year
Over 65	0.25%/year

Example: If driver A is age 50, and gets a 60.0 sec scratch time, his adjusted time is 60.0 sec (no deduction). If driver B is age 66 and gets a 62.0 sec scratch time, his adjusted time is =62.0 sec - [(0.1%*5) + (0.15%*5) + (0.2%*5) + (0.25%*1)]
=62.0 sec - [62.0 * 0.025] sec
=62.0 sec - 1.55 sec
=60.45 sec

- d) Entry fee: Each Seniors competitor will pay 50% of the fee charged competitors in the other (regular) classes (but not less than 11.00 dollars), if the Seniors competitor is also entered in another class; otherwise the Senior must pay the regular entry fee. Proof of age is required (drivers license, or equivalent).
- e) Number of runs: Every Seniors competitor will receive two (2) timed runs in the Seniors car; the runs must be taken immediately after competing in their regular class, using the same car number. If not competing in another class, the Seniors competitor will drive in the run group that includes H Stock, and will take one practice run in the Seniors car prior to the two timed runs.
- f) Results: The Seniors class will be listed separately; in addition to the information listed for all other competitors, the Seniors age, handicap (in seconds), and corrected (handicapped) times will be included.
- g) Trophies/awards: No trophy will be awarded for each event; cumulative points will be awarded based on the best handicapped times. A yearly, perennial award (the 'cane trophy') will be presented to the new recipient by the current holder at the year-end awards.
- h) Derogatory comments, chiding, "old" jokes, etc. by the announcer during the preparation for, and the running of the Seniors class is strictly, positively and definitely allowed.

NOTE: Because the Trophy Dash car is driven by Trophy Dash competitors throughout the day of the event, and conditions may change (i.e. course changes, weather changes, etc.), every effort will be made to provide equality of condition, which may result in reruns for some, or all, of the Trophy Dash competitors.
- f) Open and Ladies Trophy Dash classes will be separate, and scored as such.

- a. Any production electric motor - powered car, which otherwise meets the preparation rules of STOCK Category as defined in Para 11.0 of the SCCA National Solo Rules, except that no Hybrid cars are permitted (combination of electric and internal combustion motors); further, the production of 1,000 vehicles as a STOCK category requirement is waived.
